Intro

Verse

Saved by grace and found in You, We love to tell our story
How You made our lives brand new
Following You only we are walking in Your truth
Living for Your glory now we resonate with You

Pre Chorus

We will stand as one for the King of the world
Let salvation come, salvation come

Chorus

Real love has changed us,
real hope invade us,
You illuminate us,
We've got a world to change, they gotta hear His Name

Real life is freedom,
so now in freedom we will run,
We will be Your witness, Real love real life we'll illuminate
